HP ULTIMATE SERIES

HOT / COLD / STEAM PORTABLE ELECTRIC POWERED PRESSURE WASHER

Cleans Faster: Bring on the heat with high flow

Cleans Fast & Outlasts

■ High Heat / High Flow System:

The ultimate balance of heat and flow increases your cleaning power providing a consistent superior performance. Uniquely designed with Hydro Tek schedule 80 coils and Auto ignition for peace of mind & ease of operation. High capacity diesel burner with higher temperature rise for faster cleaning.

■ Stainless Steel Coil Housing & SS Inner wrap:

Lifetime corrosion resistance, inside and out - unmatched coil protection, double wall protected to contain the intense heat from the burner providing optimal long life and performance.

■ Auto Start and Time Delay Shutdown:

Operator has total control over the system from the trigger gun. This added convenience not only saves time and effort, it reduces wear of the pump and produces an energy efficient system that outperforms the traditional manual on/off.

■ All Stainless Steel Frames and Panels:

Not just decorative flashes, these rugged and durable panels offer lifetime corrosion resistance and protection of your valuable investment from the harshest environments. Keeps your machine looking like new for years to come. Quick connects provide easy removal for full access to all major components and the Ultimate in serviceability.

■ Adjustable Temperature with Steam Setting:

Front mounted controls allows quick and easy adjustments of temperature and steam settings with higher heat than comparable washers for your toughest cleaning applications.

■ NEMA4 – Water Tight Control Panel:

ETL certified to UL1776 Class 2, for use in wash-down area, exceeding Industry standards. Special Hydro Tek control box features easy to use controls and provides instant access to electronics.

■ CAT Direct Drive Pump:

These Industrial triplex pumps feature extra service factor to outperform the competition in longevity. Featuring concentrically bored & polished, graphite impregnated ceramic plungers with advanced seal design to meet our Ultimate standard, yours.

■ 7.5 Diesel Tank with filtration:

Heavy Duty "roto-molded" rust free fuel tank with water separating fuel filter to protect against contaminated fuel. Extended run time (up to 8 hrs) eliminates interruptions.

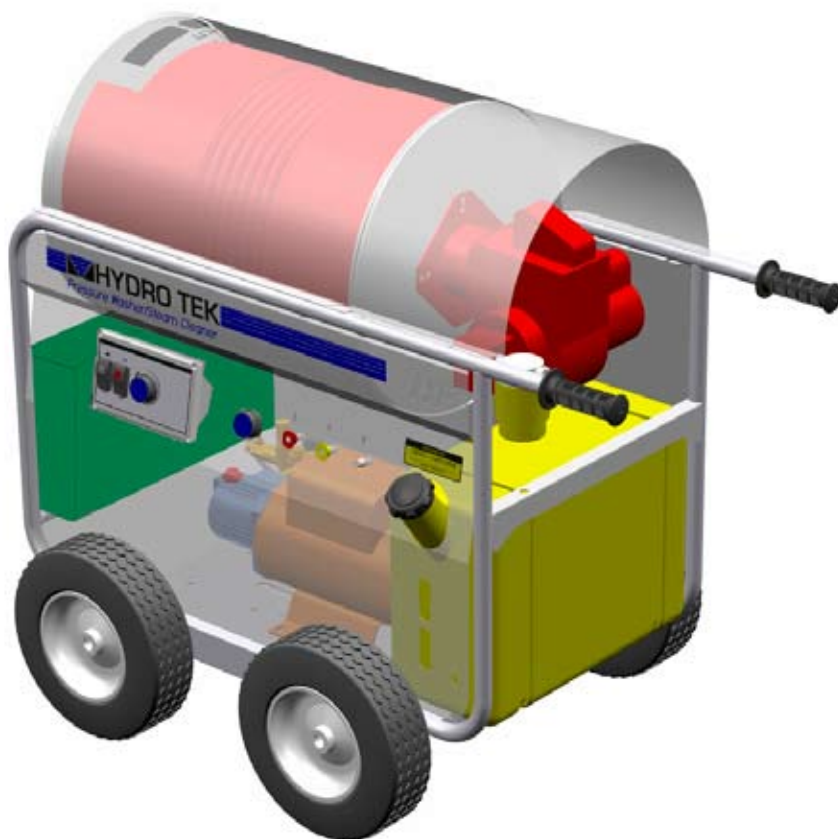

■ 3.5 Gallon Soap Tank:

Chemical tank holds up to 3.5 gallons of soap for added convenience. (Only on HP21004 & HP28004)

■ More Standard Features...

Downstream injection, Quick Release Nozzles, Heavy Duty Industrial Motor with standard thermal overload protection. Top Quality Unloader offers operator full pressure and flow by pulling the trigger. Adjustable temperature up to 250°F with steam setting. Burst Disk Technology for the "Ultimate" in operator safety. Heavy Duty Hose 50', 250° Rated and Stainless Steel "Ultra Gun" with adjustable pressure.

Note: The HP22005 / HP20005 feature belt drive pump, float tank, and inlet chemical injection.

HP Ultimate Series Front view with optional wheel kit

Specifications

Model	PSI	GPM	Temp.	HP	Voltage
HP20005E2	2000	4.2	250 F	6.5	208/230v - 1ph
HP21004E2	2100	3.5	250 F	5	208/230v - 1ph
HP22005E2	2200	4.2	250 F	6.5	230v - 1ph
HP28004E2	2800	3.5	250 F	6.5	230v - 1ph

Optional Features and Accessories:

Stainless Steel Hose Reel with lifetime stainless steel corrosion resistance
Wheel Kits 10" or 12"

Optional Accessories:

Turbo Nozzle, Hydro Twister concrete cleaner, Wet Sandblast Assembly, Hose and Wand Extension

Specifications may vary, consult factory for custom models
