SC ULTIMATE SERIES

HOT / COLD / STEAM SELF CONTAINED HIGH PRESSURE CLEANING SKID

The Best Just Got even Better: Compare these standard features

■ Rugged “Pro-TECT-it” Frame:

The Ultimate in protection. Hydro Tek’s unique “Pro-TECT-it” frame of 1 ¼”, heavy gauge steel, with durable electrostatically applied powder coat finish. The built-in lifting eyes gives you greater flexibility and protection when moving the system.

■ NEMA4- Water Tight Control Panel:

ETL certified to UL1776 Class 2, for use in wash-down area, exceeding Industry standards. Special Hydro Tek control box features easy to use controls and provides instant access to electronics. Standard diagnostic indicators, including an hour meter and pressure gauge to monitor system use, ensures optimal system performance.

■ 110V Burners with on-board 2900 watt generator:

Provides automatic, high intensity ignition and reliable power for the heating system. Supplemental power outlets from the generator (GFCI Protected) offers the operator additional electrical power to run lights or accessories.

■ Stainless Steel Panels:

Not just decorative flashes, these rugged and durable panels offer lifetime corrosion resistance and protection of your valuable investment from the harshest environments. Keeps your machine looking like new for years to come. Quick connects provide easy removal for full access to all major components and the Ultimate in serviceability.

■ Heating System:

The Ultimate balance of power, efficiency and corrosion resistance in this uniquely designed Hydro Tek schedule 80 coil. Rugged construction suitable for ‘over the road use’ works in harmony with the double wall stainless steel, ceramic insulated housing. Virtually indestructible construction and industry leading performance-years of uninterrupted, worry free service.

■ Total Relief Unloader:

Flow sensitive unloader allows pressure to build up gradually as trigger gun is activated eliminating “pressure spikes” and improving operator control and safety. When the gun is released, entire system pressure is relieved, enhancing the life of the system and eliminating engine starting problems associated with trapped pressure.

■ CAT Belt Driven Pump:

High torque, low RPM drive- cooler, quieter, continuous duty performance. These Industrial triplex pumps outperform the competition in longevity – featuring concentrically bored & polished, graphite impregnated ceramic plungers with advanced seal design to meet our Ultimate standard- yours.

■ 7.5 Gallon Gas Tank/ 18 Gallon Diesel Tank:

Heavy Duty “roto-molded” rust free fuel tanks with water separating fuel filter to protect against contaminated fuel. Extended run time (up to 8 hrs.) eliminates interruptions.

■ More Standard Features:

- Detergent flow metering at full pressure
- Quick release nozzles
- Industrial gasoline engines with efficient OHV design, feature heavy duty steel cylinder liners for industrial strength power.
- Durable diesel engines available for enhanced longevity and efficient operation.
- Burst disc technology for operator safety
- Rustproof float tank to regulate incoming water ensuring consistent system performance.
- Adjustable temperature up to 250° F with steam setting
- Heavy duty hose 50’ 5000 PSI/ 250° rated and “Ultra Gun”.
- “Q” models are extra quiet, 80 db at 25’
- Full size battery included with electric start
- 3 Way ball valve facilitates connection to a bulk water supply tank and can be used to add anti-freeze.

SC Ultimate Series

Specifications

Model	PSI	GPM	Temp.	HP	Engine
SC33005V	3300	4.5	250 F	16	Vanguard Gas
SC34005KQ	3400	4.6	250 F	20	Kohler Gas
SC35006HQ	3500	5.6	250 F	24	Honda Gas
SC35006KQ	3500	5.6	250 F	25	Kohler Gas
SC30009K	3000	9	250 F	25	Kohler Gas
SC30004Y	3000	3.5	250 F	10	Yanmar Diesel
SC32007D*	3200	6.5	250 F	21	Kubota Diesel

* Includes 36 gallon fuel capacity and water cooled

Optional Accessories:

Turbo Nozzle, Hydro Twister- deck and concrete cleaner, Wet sandblast assembly, Hose and wand extensions, Stainless steel hose reel with lifetime stainless steel corrosion resistance, Wheel Kit with various wheel combinations, Machines cover, Trailers & Tank Skid Systems

Hydro Loop System: Wash - Contain - Recycle. The SC series generator can power the Hydro Loop and capture, filter and recycle used wash water, saving time, money and the environment.

Hydro Vac: Waste Water Recovery. Powered by the SC series generator, this multi purpose surface cleaner can wash, vacuum and pump used wash water up to 100’ away to a holding tank or the Hydro Loop filtration system.
