

THE CONTRACTOR SERIES – FLAT SURFACE CLEANING ACCESSORY

The *Contractor* Series Hydro Twisters are the proven choice for professional surface cleaning with three options for your cleaning needs.

The **ANT2C** and **ANT2D** is a 3-in-1 rotary surface cleaner and includes a spot / gum remover and a hydro broom creating an all-in-one portable system. The dual trigger gun control allows you to activate either device simply by pulling the appropriate trigger. By combining three processes into one unit, you will save time and fatigue when cleaning large expanses of concrete, parking lots or other flat surfaces. The secret that makes the *Contractor* Hydro Twister so effective is the water spray angles and nozzle heights optimizing the unit for maximum cleaning power. After the surface is cleaned and the gum is removed simply switch to the Hydro Broom and power away debris and dirt in a 27-inch wide swath and the job is done. The **ANT38** is a dedicated concrete cleaner with an impressive 38" cleaning path for optimal cleaning power.

TECHNICAL DATA	ANT2C	ANT2D (Heavy Duty)	ANT38
PRESSURE RATING	4000 psi	4000 psi	4000psi
FLOW RATING	Up to 10 gpm (standard for 5 gpm)	6 gpm	5-7 gpm
TEMPERATURE RATING	250° Fahrenheit	200° Fahrenheit	200° Fahrenheit
