## ROOF PRO HYDRO TWISTER TEK SHEET

### ROOF PRO - ROOF CLEANING ACCESSORY

The *Roof Pro* Hydro Twister is designed specifically for cleaning moss, algae and stains from roofs; it also works well on sidewalks and decks. It can clean a roof up to 25 times faster than a worker using a standard wand. When connected to a pressure washer the *Roof Pro's* lightweight, balanced design allows it to "hover" across the surface with very little effort for clean up in record time. Stainless Steel handles deliver extended reach to cover large areas in a single pass to get the job done quickly, consistently and professionally.
