

TANK SKID TEK SHEET

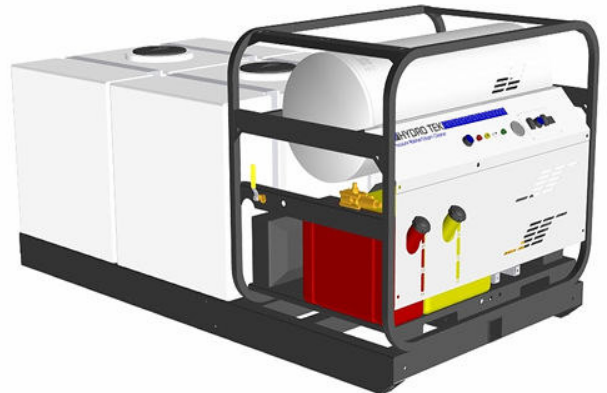

TANK SKIDS • Includes Models T200T (185 Gal) T300T (270 Gal) and T400T (370 Gal)

These versatile tank skids allows washing at remote sites where a water supply may not be available or convenient. The platform is designed for forklift clearance and has access slots to assist in mounting or easy removal. The tank skids compact design allows several options for mounting, between the wheel wells of a standard pick-up, mounted side-by-side on a flat bed or installed in an enclosed trailer. Mounting options other than on a standard Hydro Tek trailer are at the discretion of the customer.

Features...

- ✓ **Remote Cleaning:** Allows washing where a water source may not be available or convenient.
- ✓ **Compact Design:** Slides easily into the bed of a standard pick-up truck and can be removed from truck when truck bed is needed for other uses.
- ✓ **Inlet Plumbing:** System engineered to match up to the pressure washer and prevents possible pump damage from capitation or contamination.
- ✓ **Stainless Exhaust Pipe Extension:** Lifetime corrosion resistance insures no need to replace in a few years.
- ✓ **Portability:** Forklift clearance and access slots for mounting or overhead lifting provides versatility.
